THE BULFINCH HOTEL BOSTON, MA

The Bulfinch Hotel gives a contemporary nod to its historic neighborhood in the old Fanueil Hall area of Boston. Venetian plaster panels in subtle historic colors encase the lobby in a curving wall. The custom lighting pendants echoes the triangular shape of the building. Each room is individually appointed in luxurious leather headboards, silk curtains, metal trimmed millwork and custom furnishings. Unique oversized windows in each room frame the Boston skyline from Boston Common to the harbor.
